

Edible sesame oil

Patent number: CN1339262
Publication date: 2002-03-13
Inventor: RUAN SHENG [CN]
Applicant: RUAN SHENG [CN]
Classification:
- **international:** A23D9/00
- **european:**
Application number: CN20010128891 20010921
Priority number(s): CN20010128891 20010921

Abstract of **CN1339262**

The edible sesame oil is mixture of sesame oil in 10-60 wt% and flaxseed oil in 40-90 wt%. Unlike available oils, the edible oil of the present invention contains rich palmitic acid, oleic acid, linoleic acid, alpha linolenic acid and other unsaturated fatty acids; can replenish various elements essential for human body; and is fragrant and less likely to become rancid.
